NATURAL RESOURCES COMMISSION
OF THE
STATE OF INDIANA**

IN THE MATTER OF:)	
)	
PETITION FOR RATE)	ADMINISTRATIVE CAUSE
ESTABLISHMENT BY PLEASURE)	NUMBER: 11-011P
CRAFT MARINA)	

**ADDENDUM TO REPORT OF HEARING OFFICER,
INCLUDING FINDINGS AND PROPOSAL TO THE
NATURAL RESOURCES COMMISSION ISSUED JUNE 9, 2011**

**ADDITIONAL FINDINGS AND REVISED PROPOSAL BY THE COMMISSION'S DIVISION OF
HEARINGS**

On July 1, 2011, Steve Patterson (*Patterson*) contacted the hearing officer on behalf of Pleasure Craft Marina with respect to its petition for fee establishment and the hearing officer's report issued on June 9, 2011 regarding that petition. Patterson has recently assumed responsibility as the new manager of Pleasure Craft Marina, replacing the previous manager, Shanon Mundy.

The hearing officer has consulted with Patterson on multiple occasions and expressed the importance of the Pleasure Craft Marina's full compliance with the requirements of Information Bulletin #20 (Second Amendment) (*IB #20*) (<http://www.ai.org/nrc/policy/marinara.html>), published on the INDIANA REGISTER database website as 20091125-IR-312090919NRA.

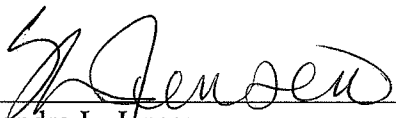

On July 12, 2011, Patterson confirmed in an electronic message that Pleasure Craft Marina wishes to "return this process to the correct track and follow Bulletin #20." (Patterson's electronic message is attached as Exhibit A) With that assurance from Patterson on behalf of Pleasure Craft Marina the hearing officer offers this addendum to the previously submitted Report of Hearing Officer.

IB 20 requires that action on petitions for rate establishment or increase be taken by the Commission at its May or July meeting. Based upon Patterson's commitment to fulfilling the obligations set forth by IB 20, the hearing officer now recommends that the Commission formally table action on Pleasure Craft Marina's petition until the November 2011 meeting of the Commission.

By deferring final action on this matter at the present time Pleasure Craft Marina will be provided an opportunity to fulfill the obligations of IB 20 and the hearing officer will be

enabled to present the Commission with a full and complete report for consideration in November 2011.

Ms. Sandra Jensen

Lake Monroe Marina, formerly Pleasure Craft Marina, has recently been allowed interim slip rates for slips that were modified to include roofing, length extension, decking, and other upgrades. We were remiss in our adhering to NRC Information Bulletin #20. We have had a change in management and it is my sincere desire to return this process to the correct track and follow Bulletin #20.

It is my intent to remain close to this process and work with the Commission and Ms. Jensen to complete the process.

Please feel free to contact me at anytime.
